

NEW TO CANADA? FREE PROGRAM

Learn English to communicate better in the technology sector

Occupation-specific Language Training (OSLT) Technology

OSLT will help you to:

- understand technology workplaces in Ontario.
- interact effectively with clients, colleagues, supervisors and project team members.
- make presentations in the workplace.
- deal with challenging interactions.

This free course is for you if:

- you're a **permanent resident** or a **protected person** living in Ontario.
- your English is at an **intermediate level** (Canadian Language Benchmark 6 - 8).
- you have training or experience in architectural technology, engineering or information technology.

Online delivery. Starts September 21, 2020

Online class schedule:

- From September 21 to December 18.
- Thursdays from 7 pm - 8 pm
