

**Wish you knew  
more about  
navigating the  
internet?**

Join our FREE workshop

## **Lesson 1 Discover Online Basics**

The **Discover Online Basics** workshop introduces the most fundamental digital skills: visiting websites and using search engines. It also introduces participants to voice-operated search and voice assistants, two features which have been identified as being valuable accessibility tools for beginning or reluctant internet users.

## **Lesson 2 - Discover Online Safety**

**Discover Online Safety** covers topics including making strong passwords, downloading apps safely, and avoiding online scams.

<https://mediasmarts.ca/digitalsmarts-discover-online-safety>

## **Lesson 3 - Explore Online Basics**

**Explore Online Basics** covers navigating websites, setting up accounts and filling out forms, and finding essential services online.

<https://mediasmarts.ca/digitalsmarts-explore-online-basics>

## **Lesson 4 - Explore Digital Parenting & Grandparenting**

**Explore Digital Parenting & Grandparenting** looks at managing kids' screen time, helping to keep your kids safe online, and setting household internet rules.

<https://mediasmarts.ca/digitalsmarts-explore-digital-parenting>

## **Lesson 5 - Explore Online Privacy**

**Explore Online Privacy** looks at safe use of social networks, using privacy settings, and making good decisions about sharing other people's photos online.

<https://mediasmarts.ca/digitalsmarts-explore-online-privacy>

## Lesson 6 - Explore Online Shopping and Entertainment

**Explore Online Shopping and Entertainment** covers buying and returning things online, spotting reliable sellers, and finding free music and video content.

<https://mediasmarts.ca/digitalsmarts-explore-online-shopping-entertainment>

## Lesson 7 - Navigate Online Information

**Navigate Online Information** covers advanced search skills, how to choose different online sources of information for different needs, and how to verify information you see online.

<https://mediasmarts.ca/digitalsmarts-navigate-online-information>

## Lesson 8 - Navigate Online Privacy and Security

**Navigate Online Privacy and Security** looks at how to secure your accounts and devices, how to keep your devices safe from malware, and how to prevent and deal with cyberstalking.

## Optional Lesson – Connecting Online and Video Chats

**Connecting Online and Video Chats** is designed as a precursor to the original 8 lessons if participants have limited skills and want to connect quickly! This workshop introduces the fundamental basics on connecting your devices to the internet and navigating video chat such as Zoom, Teams, and other communication services.
