# Affiche promotionnelle de pizza

Today, I would like for you to create a poster advertising a pizza that you have created. You can create your poster on any online platfrom such as *Pic Collage*, *google docs*, *google slides*, or any program that you wish.

I would like for you to include the following:

- The name of the pizza (nom de la pizza);
- The pizza topping (les ingrédients);
- How much the pizza cost (le Prix)

The poster must be completed using the french pizza vocabulary we have seen so far. Please do not hesitate to email if you have any questions. Enjoy creating your pizza!
