

Today is Monday, February 1, 2021. It is DAY 2.		
Morning Meet and Greet		
Question of the Day	Which month is the shortest month of the year?	
Subject Area	Whole Group	Small Group
<b>LANGUAGE</b>		
Reading	<p>SQUIRT: 15 minutes (X2)</p> <p>WORD WORK:</p> <p><u>Focus:</u> Long 'a'</p> <p>When the long 'a' comes at the end of a word, it is often spelled with the letters 'ay'..</p> <p>Neatly print your words in your agenda or exercise book</p> <p>POEM: Old Mr. Groundhog Let's read the poem together.</p> <p>Complete Questions: 1-5</p> <div style="border: 1px dashed black; padding: 10px; text-align: center;"> <p>Old Mr. Groundhog          Old Groundhog stretched          In his leafy bed,          Turned over slowly          And then he said,          "I wonder if spring          is on the way.          I'll go and check          the weather today.          If I see my shadow          Between eleven and noon,          I then will know that          I'm out too soon.          I'll crawl back in bed          For six weeks more,          Pull up the warm covers          And snore and snore.          But if no shadow          Gives me a scare.          I know that spring          Is in the air.          I'll wake my friends          And wish them cheer          With glorious news          That spring is here!"</p>  </div> <p>Listen to the story:</p>	<p>Empower Group</p> <p>Daily 1:40 - 2:40</p> <p>Mrs. Muschalla</p>

	That Chickadee Feeling	
Writing		
Oral	Did you do anything special on the weekend?	

**MATH**

Math Talk	<p style="text-align: center;"><b>Fact Fluency</b></p> <p style="text-align: center;"><b>Complete 10+</b></p> <p style="text-align: center;">We have now completed all our addition facts! Gather all your completed activity sheets from 0+ to 10+ and attach together with a staple or paper clip. Put them in a good, safe place where you can revisit them often.</p>

**SCIENCE**

Properties of Liquids and Solids

**WEATHER**

Changes of state can happen in nature. This can sometimes cause problems for people.

Think about the impact of changes in state of solids and liquids in your life.

Weather

When changes of state in matter happen, it can become dangerous.

When water melts or freezes too quickly, why can this create dangerous weather conditions?

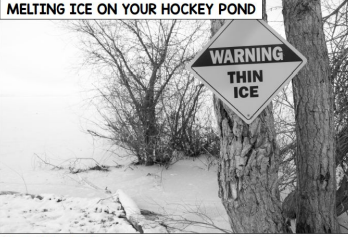

You will be completing this activity this week. For today, we are going to talk about it.

Name: \_\_\_\_\_

**Weather Warnings!**  
**Changes of State in Nature**

Write a weather report for your local news station about the weather shown below. Be sure to include safety tips and information about what change of state is happening (melting, freezing, etc) and why it is a potential problem for people in your area.
