

Chapter 1 (Pg. 16 - 23)

Population Patterns and Growth

Why Care About Population Patterns and Growth?

Learning Goals:

- understand why humans settle more in some parts of the world than in others
- examine patterns and trends in population distribution and density
- determine how natural and human factors influence settlement
- create and analyze choropleth maps

Terms to Define:

Population

Rural

Urban

Demography

Growth Rate

Birth Rate

Death Rate

Migration

Economy

Carrying Capacity
