reading:

My Dog Jake

By Miss Larson

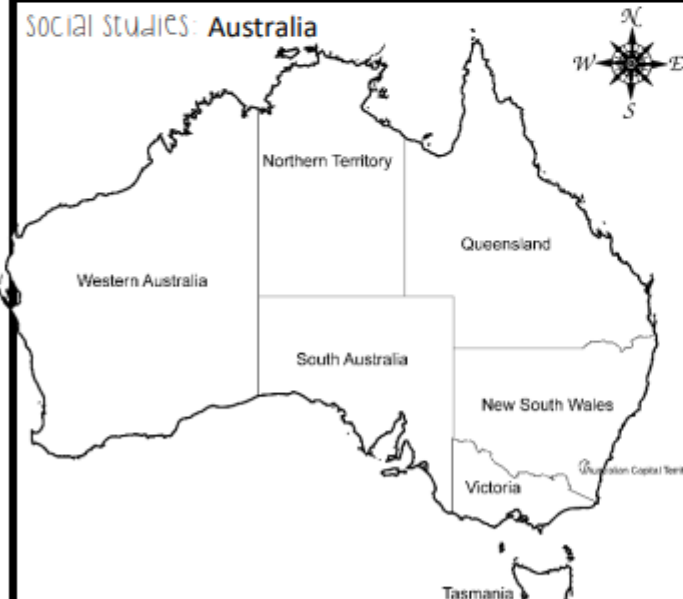

A better dog than Jake you say,
That's not possible, there is no way,
Jake would take on robbers, for me he would defend,
Jake would face a skunk, whether loose or whether penned.

A better dog than Jake you say,
That's not possible, there is no way,
Jake sleeps curled around me, warming me up so,
Jake sleeps like a great big bear, in hibernation mode.
