Finally, our class would like to make their own Valentine's Day mailboxes to collect their special cards in. We will be making these boxes on **Monday, February 12th**. Please send in a small box for your child to decorate. As part of an eco-initiative, I ask that your child use recycled materials found around your house. They are welcome to bring in any items they'd like to decorate their boxes (e.g. paint, stickers, sparkles etc.)

Looking forward to our special day!
