

UPCOMING SCIENCE PROJECT

Hello parents/guardians,

This is a letter to inform you that for our next science project that I have planned (Ms. Bourgeois), will require them to build a structure (grade 3s) or a carnival ride (grade 4s). Materials for this can include cereal boxes, plastic containers, lego, etc. Some materials will also be provided in the class for them to use but they are more than welcome to bring additional materials to build with. Students will have the opportunity to build their projects during class but they are also more than welcome to build at home. The due date for this project will be Thursday April 18th.

Ms. Bourgeois
