

F

Fan Sound

(Air blows out between the top teeth and bottom lip like a fan 'FFF')

HOW TO MAKE THE F SOUND

1. Put your top teeth on your bottom lip
2. Turn your voice 'off' and blow quiet air ('FFF')

Practice Tips

- Hold your hand in front of your mouth to feel the puff of air when you make your 'F' sound
- Use a mirror to watch your top teeth rest on your bottom lip

BOOKS THAT TARGET THE F SOUND

Books are great resources to support speech sound development. Not only are books a great way to improve speech and language development, they are also a fun way to engage and entertain your child.

The Fire Station - By Robert Munsch

The Foot Book - By Dr Seuss

Mighty Machine Firetruck - By Mary Lindeen

Four Fur Feet - By Margaret Wise Brown
