

Grade 7/8 Math – Graphing Number Sequences 1

Name: _____ Class: _____

Given this sequence/series:

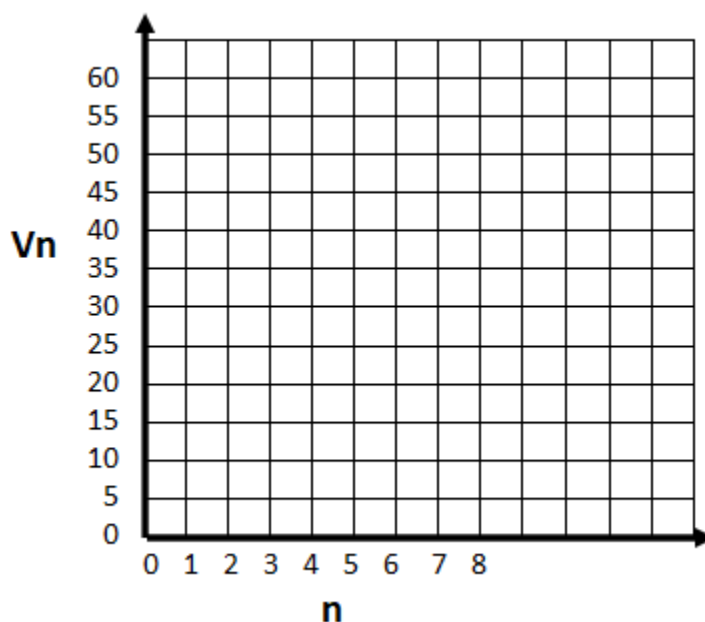

13, 19, 25, 31, 37, _____, _____, _____

#1 What is the pattern?

#2 Make a Term/Term Value T-Chart -

#3 Plot the points on the following grid

Term n	Term Value V_n
n	$V_n =$

What is the constant in this pattern?

What is the variable in this pattern?

What is the term value for the 23rd term?

What term has a term value of 259?

Given this sequence/series:

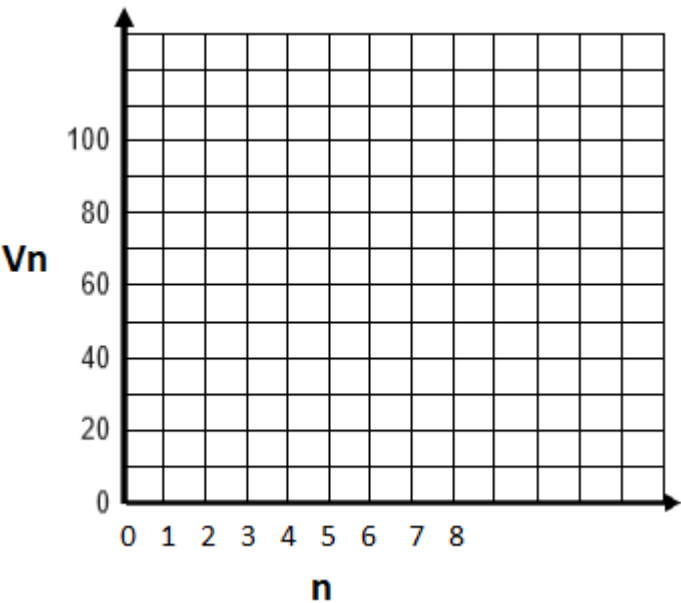

80, 72, 64, 56, 48, _____, _____

#1 What is the pattern?

#2 Make a Term/Term Value T-Chart -

Term	n	Term Value V_n
	n	$V_n =$

#3 Plot the points on the following grid

What is the constant in this pattern?

What is the variable in this pattern?

What is the term value for the 20th term?

What term has a term value of - 152?
