

# Grade 8 Fluids Unit

# Table of Contents

[illegible]

## **Grade 8 Ancaster Meadow Science Notebook Expectations**

All notes and worksheets should be included in every unit

All pages should have a date and a page number on them

All pages are listed in the Table of Contents for that unit

All worksheets and questions are complete and correct

No doodling or idle written marks are to be included on worksheets

Neatness is important and should be attempted as much as possible

### **RUBRIC**

| Criteria   | Level 4                                                      | Level 3                                                    | Level 2                                            | Level 1                                             |
|------------|--------------------------------------------------------------|------------------------------------------------------------|----------------------------------------------------|-----------------------------------------------------|
| Up to Date | Table of Contents is up to date with nothing missing         | Few pages missing or not updated – mostly done correctly   | Some effort to update Table of Contents            | Table of Contents is largely incomplete /missing    |
| Complete   | All pages of work or notes are complete with nothing missing | Mostly complete with few exceptions                        | Some pages missing or incomplete                   | Many pages missing or incomplete                    |
| Organized  | The date is on each page and the pages are numbered          | Few dates or page numbers missing                          | Some dates or page numbers missing or out of order | Date is missing from pages and/or pages are missing |
| Neat       | The notes are well organized, legible easily understood      | Quite organized but may have one or two errors or mistakes | Some effort to make notes readable                 | Illegible and disorganized work                     |

Your overall LEVEL for this Unit is: \_\_\_\_\_ (I will fill this in when marking)
