

Gr. 7 Science Pure Substances and Mixtures Unit Reflection

Name: _____

We have just finished the third unit in Grade 7 Science. This is the time to think back and reflect on what you learned, what you enjoyed and how the unit can be improved.

This is your last hand out for this unit. Please make sure your notes are complete, organized and ready to hand in for next class.

For each of the following, please indicate how much you learned from each and how much you liked it (two different things).

Use a scale from 1 to 5. **1** meaning '*Hated it*', **3** being '*It was OK*' and **5** being '*It was lit!*'

	Rating on how much you learned	Rating on how much you liked it
Worksheets done in class	1 2 3 4 5	1 2 3 4 5

What was your favourite worksheet? Why?

What was your favourite activity? Why?

What was the thing that you learned that was the most interesting?

Was there something that you would like to learn more about in this area of science?

Do you have any suggestions on how to improve the unit (an activity or resource?)

Any other comment on the unit?
