

Learning Services - Elementary Network P.D.

Background:

The Program Division is creating grade specific networks for educators to support the provision of distance education. The following professional learning opportunities are for Elementary Educators to collaborate regarding supporting the learning and achievement of their students.

Learning Outcome:

Establish grade specific networks so that we can share best practices, tools and resources, problem solve, ask questions, gather ideas and collaborate around:

- Activating student prior knowledge (Plan)
- Planning and delivering new curriculum and overall expectations (Act)
- Conducting formative assessments (Assess)
- Consolidate learning and creating next steps (Reflect)

Elementary grade specific networks will meet through Teams. Two program consultants will lead and support each network. Principals are asked to share this information with all Elementary educators.

Educators need to register in PD place. One hour before the session, participants will receive a calendar invite email with the MS Teams link so that participants can access the virtual meeting. Participants need to have loaded MS Team onto their device. For more information on downloading MS Teams go to <https://bit.ly/AccessTeams>

Action:

Principals are asked to share this information with all Elementary Teachers in your school. Elementary Teachers are asked to sign up in PD place for the grade specific network PD session as listed below. ***Please note that the grade specific sessions are being repeated three times a day, to maximize the number of participants who can register.***

If there are any questions please contact Joanne Hall, System Principal at joahall@hwdsb.on.ca and for issues related to PD place registration please email nnicosia@hwdsb.on.ca
