#### **MS Teams for Education Office Hours**

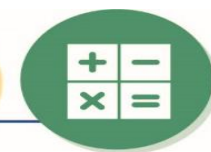

This session allows educators to ask questions and discuss features of MS Teams for Education. Drop in anytime during this 90-minute window to connect with Program Team consultants to address your specific questions related to teaching and learning via MS Teams. This is not a formal presentation, so please come with questions or come listen to what other educators are asking. Based on the questions asked during these office hours, there may be demonstrations, materials to refer to or answers in the chat. By the end of the session, individual concerns will be addressed and support resources will be shared.

The HWDSB MS Teams resources are continually updated and can be found here: <https://bit.ly/teamshwdsb>

## Experiential Learning – Drop-in Learning Session

Experiential learning is integral to engaging students in ALL grades from K-12 in an authentic and relevant way, and to develop and inspire their interests and skills. During these unprecedented times, we are still able to offer virtual opportunities. Join Lee Ann Armstrong, HWDSB Leader of Experiential Learning, to learn about ways we can encourage learning using the experiential learning key elements and discover a variety of opportunities to engage students in learning and reflective practices. These are repeat sessions to allow more individuals to gather information, or provide consolidation of learning for prior/new participants.

### Elementary Grade Specific Networks PD Session #2

Grade specific networks have been created for educators to support the provision of distance education. This differentiated instruction session is a follow-up to the grade-specific network sessions that were hosted in April. This second network session will focus on differentiating instruction and small group instruction to assist in products, processes and assessments for distance learning.

Participants will:

- See examples of how colleagues are using small group, differentiated instruction in distance learning (voices from the field).
- Be given an opportunity to explore, share, ask questions, and find some ready-to-use ideas of how educators are using differentiated instruction synchronously and asynchronously.
- Continue to collaborate within their grade area to discuss best practices and resources for distance learning.

Educators who are already part of the grade specific networks do not need to register. Educators who wish to join who weren't part of the first session and/or aren't part of a grade specific network please refer to the memo: [How to Join Elementary Grade Specific Networks](#) and complete the form below to join the MS team network for all upcoming sessions: <https://bit.ly/JoinNetworkTeam>.

Five to fifteen minutes prior to the scheduled PD session, participants are asked to join by clicking on the join meeting in the grade specific MS Teams Network. An email reminder will be sent via PD place prior to the session. Messages are also posted in the ballroom chat channel with PD reminders, date and times.

***Please note that some of the grade specific sessions are being offered by Family of School (FOS), to maximize the number of participants who can register. Each session is one-hour long.***

## Secondary

### Secondary Research Tools in the Virtual Library

Research for secondary students can be reliable during distance learning.

- This session will demonstrate a variety of high quality research tools in the Virtual Library for secondary students, including Britannica High, CultureGrams, Teen Health and Wellness, Gale databases, EBSCO databases and Learn360. Learn about posting links to Virtual Library sources on class websites.

One hour before the session, participants will receive an email with an invitation to join the Secondary Research in the Virtual Library meeting. Click on the link and you're in! Please ensure you have MS Teams loaded on your device to join the meeting.

Audience: Secondary teachers
