

May 13, 2020

Dear Grade 1's,

How are you doing? I am missing you so much! I have been keeping busy at home with my kids and preparing activities for you. What have you been up to? I am so proud of all the work you've been doing. I love seeing it when you send it to me. Keep it up!

Hopefully the weather starts getting a little warmer. It would be great if it was nice this weekend so we could spend more time outside. Are you doing anything special with your family on the weekend?

I am really hoping that I will get to see you before the end of the year. It's very difficult not being at school learning with you but I think about you all the time! I am really excited about having a video chat next week so I can see your smiling faces. I would love for you to write a letter back to me and tell me how you are doing.

I hope you and your family have a wonderful long weekend!

Love,
Mrs. DiCecca
