

# *Human Organ Systems: Poster Board*

## List of What to Include

### Introduction

- ✓ Did I explain each of the functions that this system performs for the body

### Diagram (Basic Structure and Functions)

- ✓ Did I describe the basic structure of the organs
- ✓ Did I identify each organ and explain the function

### Interrelationships

- ✓ Did I identify other body systems and explain how they work or interact with this system

### Summary and Health Connections

- ✓ Did I describe common diseases that can impact this system or organ(s) that are part of it
- ✓ Did I provide tips for maintaining healthy organs in this system

### Presentation

- ✓ Did I prepare for anticipated questions by preparing answers

### Create a Model

- ✓ Did I create a detailed and realistic model to help show the organs and my organ system
