HWDSB Minds on Repertoire 2018

Over 750 elementary students attended Glendale over 3 days to work on a new piece of band music - repertoire. GA musicians in ABPA and Strings helped to

run instrumental sectionals for the students, who then worked in two larger groups and finally as a mass band with Maestro Joseph Resendes from McMaster University, leaving the event with a recording and a swag bag curtesy of Long & McQuade musical instruments. It was a class project for the two Glendale music classes and the project expanded dramatically from its inception last year. Two beginner sessions and an advanced session happened this year and it looks like it will expand again in 2019.

Congratulations Mia for winning Shakespeare on a Platform!

Jake, Olivia and Jessica performing their original work at Hamilton's Eco Summit for Youth

Many GA students like Keaton helping out at the Learning Commons fundraiser
