

How to an I-Spy Bottle

Created by Mrs. Peterson

What you will need

Materials:

- Rice
- Empty water bottle
- Small items found around the house
 - lego, screws, bread tie etc.
- Funnel
- Pen
- Paper
- Tape
- Super glue

Step Two

Place all the listed small items into the bottle.

Step Three

Using the funnel, pour the rice into the bottle, leave approximately 3 fingers width from the top. If you do not have a funnel a rolled piece of paper will work.

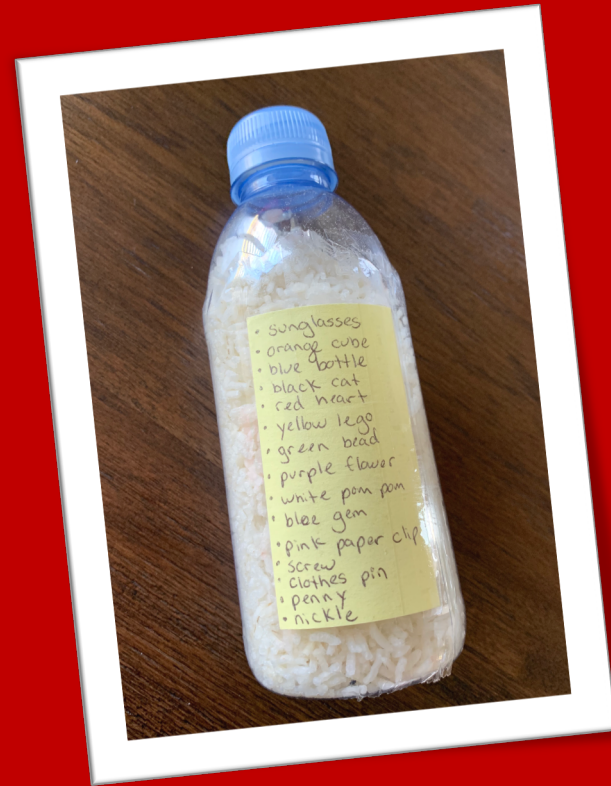

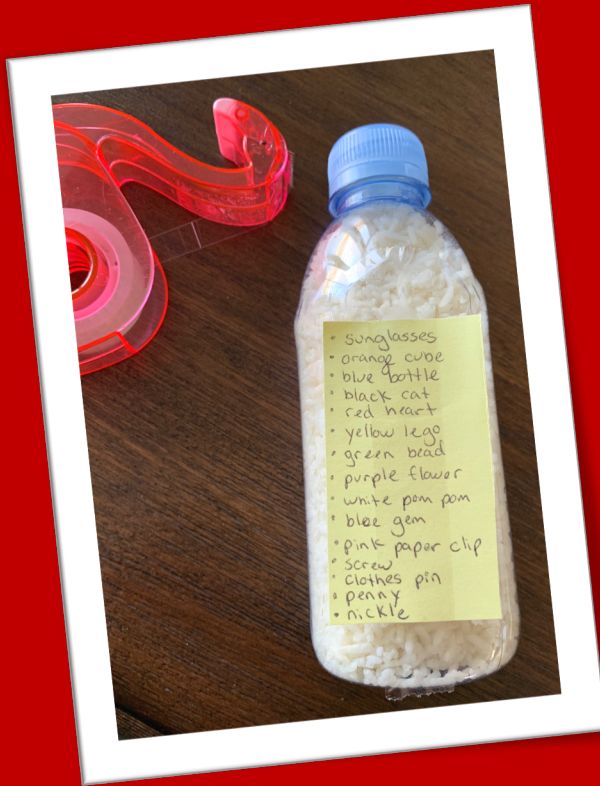

Step Four

Add super glue to the lid and secure tightly.

Step Five

Tape the list onto the side of the filled bottle.

Step Six

Shake, turn, twist and explore!
Look for all the items on your list.
