

How to make a Lava Bottle

What you will need

Ingredients:

- Baby oil
- Water
- Food colouring

Other Materials:

- Super glue
- Spoon
- Measuring cup

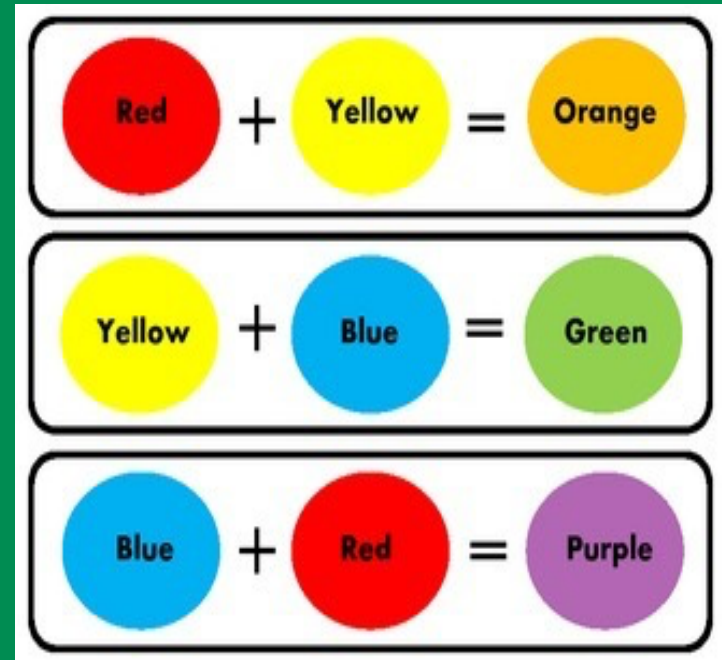

Step One

Pour the baby oil into the empty water bottle (about 1/3 full)

Step Two

Choose two different food colours. Choose colours that will mix well to make a third.

Step Three

Add 10 drops of food colouring to the baby oil and shake well.

Step Four

Add 10 drops of the second food colouring to the water and mix with a spoon.

Step Five

Add the coloured water to the water bottle.

Step Six

Add super glue around the lid and secure to the bottle tightly.

Step Seven

Shake, turn, twist and enjoy!
