

# How to make a Colour Sorting Sensory Bag

# What you will need

## Materials:

- 8-10oz clear hair gel
- Coloured beads or other small objects
- Food colouring (optional)
- Glitter (optional)
- Ziploc freezer bag
- Packing tape
- Coloured permanent markers

# Step One

Draw and label 2-4 coloured circles on one side of the Ziploc bag. These colours will be the same as the coloured beads.

# Step Two

Pour the clear hair gel into the Ziploc bag.

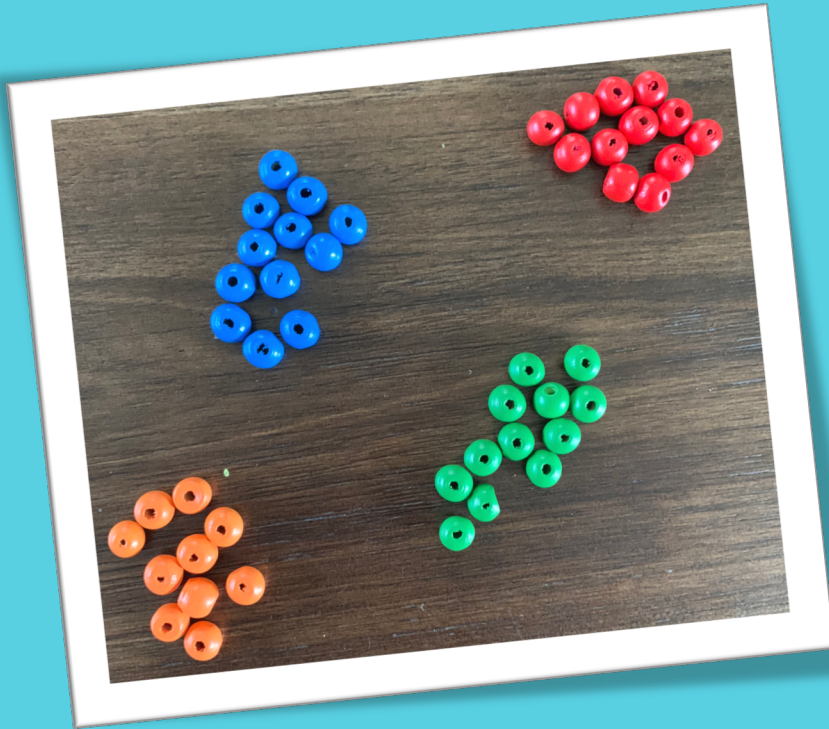

# Step Three

Add food colouring and glitter if desired. Seal the bag and squish until mixed evenly.

# Step Four

Separate the beads you plan to use and add to the bag.

# Step Five

Seal the bag and tape around all edges to prevent leaking.

# Step Six

Push beads into corresponding labelled circles and have fun!
